About This Game

ENGLISH

*A graveyard on the hills - damp, cold and desolate
Its namefather lost but not it's nameplate*

*A new resident arrives on shoulders ever so leisurely
As father throws ashes to ashes looking kinda weary*

*Last arrival drew the final straw
They wanted to rise but didn't know how*

*An underground meeting took place nobody could have known
Voices turned to screams as the dead were overflown*

*Dusk got shattered with with raging moans and groans
As the cursed graveyard got covered with restless souls*

*They will face a single obstacle to bring on the doom
A graveyard keeper sworn to stop them and a magical shroom*

Info

Graveyard Shift is a FPS with unique game mechanics and a mise-en-scène that mixes both toonish and horror elements together! Yes, we did it.

You are fighting against restless ghosts and liches. They revolt, because too many graves are dug in the graveyard, whose keeper is you. Your purpose is to re-kill the undead! Your only friends are mushrooms, those you use to make mushroom bombs.

Gameplay

Your ammo is elemental mushrooms, there are 5 different elements of mushrooms those you collect from the ground. You create bombs with those elemental mushrooms (2 Fire, 1 Water, for example) using number keys 1 to 5. Your enemies also have elements; enemy's element and the elements of your mushroom-bomb determine the damage you deal. For example, you deal more damage to a Fire ghost if you prepare a bomb with Water mushrooms.

There are 2 types of enemies: Normal ghosts and liches. Normal ghosts are melee attackers, they use claws. Whereas, liches throw you stones and they are much stronger than normal ghosts.

We have 2 game modes: Waved and Survival. You fight against 10 waves of enemies in the first. Survival lasts as long as you are alive.

There are 4 power-ups: Slow Time, Shield, Mushroom Magnet and Infinite Mushrooms.

Virtual Reality

We will bring Oculus Rift support in the future!

TÜRKÇE

*Tepede bir mezarlık, ıslak, soğuk ve ıssız.
İsim babası meçhul ama sanma ki tabelasız*

*Yeni sakini omuzlarda geldi aheste aheste.
Yine savurdu peder, elde kitap, külleri küllere...*

*Toprak altında bir toplantı, bilmediği kimsenin,
Çıglıkları yükseliyor üst üste gömülmüş ölülerin*

*Son damlayı taşırdı bu yeni gelen naaş,
Yeryüzüne çıkmak lazım artık yavaş yavaş.*

*Uğultular, iniltiler sarstı yeri göğü, ortasında alaca karanlığın,
Kudurmuş ruhlar kapladı her yerini uğursuz mezarlığın.*

*Dünyaya yayılmak için önlerinde tek bir engel var,
Onları durdurmaya ant içmiş bir bekçi ve sihirli mantarlar*

Info

Mezarıcı (Graveyard Shift) benzersiz oyun mekaniklerine sahip bir FPS oyunudur. Korkuyla sevimliliği karıştıran bir mizansene sahiptir. Evet, yaptık, oldu! Galavalomka Games ortaklığıyla yapıldı.

Mezar bekçisi Hasan olarak, huzur bulamamış hayalet ve lichlere karşı savaşıyorsunuz. Onlar isyan ediyor, çünkü sizin bekçiliğinizi yaptığınız mezarlığa çok fazla ölü gömülmüştür ve mezarlık artık taşmaktadır. Amacınız yaşayan ölüleri yeniden öldürerek isyanı bastırmak! Tek arkadaşınız, bomba yapıp düşmanların üstüne fırlatabileceğiniz mantarlar.

Oyun %100 Türkçe dil desteğine sahiptir.

Oynanış

Cephaneniz bu oyunda elementsel mantarlar, yerden topladığınız 5 tür elementte mantarlar var. Bu elementsel mantarlarla

bombalar yaratıyorsunuz (2 Ateş, 1 Su, mesela), 1'den 5'e kadar tuşlarla. Düşmanlarınız da elementlere sahip; düşmanlarınızın ve kullandığınız mantarların elementleri, düşmana verdiğiniz zararı belirliyor. Mesela, Ateş hayaletine Su mantarlı bomba atarsanız normalden daha fazla zarar verirsiniz. Yani düşman veya mantar elementine göre zayıflıklar ve dirençler söz konusu.

2 tip düşman var: Normal hayaletler ve lichler. Normal hayaletler size pençeleriyle yakın mesafeden zarar verir. Lichler ise size taş fırlatırlar, onlar normal hayaletlerden daha güçlüdürler.

2 tür oyun modumuz var: Dalgalı ve Hayatta Kalma. İlkinde gittikçe zorlanan 10 tane düşman dalgasını bastırmaya çalışıyorsunuz. Hayatta Kalma modu siz hayatta kaldığınız sürece devam eder.

Size bu zor görevde yardımcı olacak 4 tane güçlendirici (power-up) sunuyoruz: Sınırsız Mantar, Kalkan, Zaman Yavaşlatma ve Mantar Miknatısı.

Sanal Gerçeklik
Oculus Rift desteği de gelecek!

Title: Graveyard Shift
Genre: Action, Indie
Developer:
Galavalomka Games, Aslan Game Studio
Publisher:
Galavalomka Games, Aslan Game Studio
Release Date: 20 Oct, 2016

b4d347fde0

Minimum:

OS: Windows 7

Processor: Dual Core CPU @ 2.2 GHz

Memory: 2 GB RAM

Graphics: Nvidia GeForce 8800 GT / ATI Radeon HD 4770

DirectX: Version 9.0

Storage: 750 MB available space

Additional Notes: Mouse with at least two buttons

English, Turkish

Great game to kill a couple hours. similar to other simulations for building a city. Does get boring after you reach the peak of a city. no new context to change up.. Very fun rogue-like.

. It's a fun game but the store page says 2m x 1.5m and I have slightly more than that but the game does not fit within my environment and I end up hitting the walls when trying to get the seaguls or wash the sponge. So if you are tight on space I would stay away from this one.

. Best remedy to get rid of stress.. A bit too short and a bit too simple. There isn't an awful lot to do, see or buy in this game. But what little it has is really well done.. its not all that bad, suites the game fine and some even outside of the game, 6/10. THANK GOD!!!! THE claws. THANK YOU KOEI!. Great game, but this needs 32-bit support!! I gifted my friends these games only to find out that some cannot even run the game. PLEASE make this 32-bit OS compatible!!. I will write a full review once teleportation is added and height adjustment is added. As someone who is extremely short and has a small room, this is unplayable for the time being. Sucks because its a great game otherwise.. this build is not even a demo all u can do is a single player match against one NPC with fixed decks of like 8 different cards havn't heard from the dev in a min. there is a difference between early access and a demo and for a demo this is lame calling this EA is false advertising and i wouldn't waste your time when there are better games out there

I'm going to give this a negative.

The writing/translation is brutal, so if you are hoping to have any connection to a story, it's tough.

Despite the tags, there is no nudity (you get a bit of bum crack) and all of the sexual content is narrative.

The art is non-nude, somewhat suggestvie but the biggest slap is the art that was originally drawn with nudity, but has a great white sensor bar across it, concealing 50% of the art.

For 2\$ it's hard to say it's ripoff, but it's certainly not worth your time.. The gameplay is very funny,. It's seriously a bug fest. Half of the time I don't get paid by publishers, the other half my game projects simply stop at 100% and I can't release and have to quit the project and lose money. Can't make it past 4 years due to all the bugs.

Seems like it's a "done" product as well so no more patches.

Don't buy.. DO NOT BUY !

This game is currently abandoned and isn't in any kind of working condition anymore.

The list of bugs and broken things is really too long to write here.

Currently you cannot improve your " towers " anymore, I reported that 3 MONTHS ago and there isn't a single reply from the dev.

DO NOT BUY !. Diablo 2 meets Zombies. It still needs work but the world looks nice and the crafting is neat.

The movement is a little weird. and I cant figure out how to eat and drink. but its Alpha and its a good start. Looking forward to more updates.. These coins are great, buy the bundle.
